Description: This 2015 C7 Chevrolet Corvette Z06 comes with the 2LZ Trim Package, Upgraded Aero Package, Video Performance Data Recorder, Leather Competition Bucket Seats, and Much, Much More. The Z06 Performance Package features the LT4 Engine – a 6.2L Supercharged V8 that leaves other supercars that cost 3 and 4 times its MSRP in the dust. With 650 Horsepower and 650 ft-lb of Torque the Z06 is ready to tear up any track, yet with driving features like the Eco Mode, the car can still get a very respectable 23+ mpg and be used as a very comfortable touring/commuter car.

The price is already thousands below dealer pricing (*before you include all the fees they tack on!*) for a car that is in immaculate condition, has been meticulously maintained and detailed, never been taken to the track or drag strip, has always been garage kept, and has never been abused (though I freely admit I did a 15 second donut behind a warehouse once).

I'm an honest seller. I've been taken advantage of in the past by deadbeats and liars and know it's not any fun, so I go out of my way to provide a smooth transaction by making sure any prospective buyers know anything and everything about the vehicle prior to purchase. You pay for what you get. When I say the vehicle is in like new condition, that's exactly what you can expect. When I say the acceleration and handling is out of this world, you can expect the car to hug the corners like it's on rails. I've taken such great care of the car, I *encourage* buyers to have it taken to a 3rd party and fully inspected. You won't be disappointed.
