

Package	API 1.5	API 2.0	Emulation Support	Comments
comm	watchNetworkConnectivity (success, [failure])	watchNetworkConnectivity (success, [failure])	Yes	
	getNetworkConnectivity ()	getNetworkConnectivity ()	Yes	
	clearNetworkConnectivity (watchID)	clearNetworkConnectivity (watchID)	Yes	
	sendFile ([success], [failure], options)	sendFile ([success], [failure], options)	Yes	
	watchForData(success, failure)	watchForData(success, failure)	Yes	
	clearWatchForData(watchID)	clearWatchForData(watchID)	Yes	
	sendToPhone([success], [failure], data, length)	sendToPhone([success], [failure], data, length)	Yes	
	webServiceRequest (success , [failure], options)	webServiceRequest (success , [failure], options)	Yes	
		sendToApp(appId, length, data, [options])	Yes	
info	getCurrentPosition (success , [failure], [options])	getCurrentPosition (success , [failure], [options])	Yes	
	watchPosition (success , [failure], [options])	watchPosition (success , [failure], [options])	Yes	
	clearPosition (watchID)	clearPosition (watchID)	Yes	
	getVehicleData (success , [failure], [options])	getVehicleData (success , [failure], [options])	Yes	
	watchVehicleData (success , [failure], [options])	watchVehicleData (success , [failure], [options])	Yes	
	clearVehicleData (watchID)	clearVehicleData (watchID)	Yes	
	getVIN ()	getVIN ()	Yes	
	getVehicleConfiguration (success , [failure])	getVehicleConfiguration (success , [failure])	Yes	
	getRadioInfo (success , [failure])	getRadioInfo (success , [failure])	Yes	
	watchRadioInfo (success , [failure])	watchRadioInfo (success , [failure])	Yes	
	clearRadioInfo (watchID)	clearRadioInfo (watchID)	Yes	
	getBTServices (success , [failure], [options])	getBTServices (success , [failure], [options])	Yes	
	watchBTServices (success , [failure], [options])	watchBTServices (success , [failure], [options])	Yes	
	clearBTServices (watchID)	clearBTServices (watchID)	Yes	
	watchProximity (success , [failure])	watchProximity (success , [failure])	Yes	
	clearProximity (proximityHandle)	clearProximity (proximityHandle)	Yes	
	watchRotaryControl (success , [failure])	watchRotaryControl (success , [failure])	Yes	
	clearRotaryControl (rotaryHandle)	clearRotaryControl (rotaryHandle)	Yes	
	getUser ()	getUser ()	Yes	
	watchActiveDeviceConnected (success, [failure])	watchActiveDeviceConnected (success, [failure])	Yes	
	clearActiveDeviceConnected ([success], [failure])	clearActiveDeviceConnected (WatchID)	Yes	
	watchButtons (success , [failure], [options])	watchButtons (success , [failure], [options])	Yes	
	clearButtons (watchID)	clearButtons (watchID)	Yes	
	gm.info.getVersionDisplayText([success], [failure])	gm.info.getVersionDisplayText([success], [failure])	Yes	
	gm.info.getRealAPIVersion (success , [failure])	gm.info.getRealAPIVersion (success , [failure])	Yes	
	gm.info.getAID ([success])	gm.info.getAID ([success])	Future Release	
	getVersion ([options])	getVersion ([options])	Yes	
	getNetworkConnectivity ()	getNetworkConnectivity ()	Yes	
		watchSteeringWheelControls (success , [failure])	Yes	
		clearSteeringWheelControls (SWCHandle)	Yes	
	gm.info.getMyVersion ([success], [failure])	Yes		
io	readFile (filename, [options])	readFile (filename, [options])	Yes	
	writeFile (filename, contents, [overwrite], [options])	writeFile (filename, contents, [overwrite], [options])	Yes	
	deleteFile (filename, [options])	deleteFile (filename, [options])	Yes	
	writeBinaryFile (filename, contents, [options])	writeBinaryFile (filename, contents, [options])	Yes	
		getResource (success, [failure], filename, [number])	Yes	
media	play (URL, channel, [status])	play (URL, channel, [status])	Yes	
	pause (audioHandle)	pause (audioHandle)	Yes	
	stop (audioHandle)	stop (audioHandle)	Yes	
	seek (audioHandle, position)	seek (audioHandle, position)	Yes	
		getMediaPlayerList (success, [failure], type, [filters])	Future Release	
	getMediaPlayerResultsNum (success, [failure], type, [filters])	Future Release		
nav	gm.nav.watchDestination (success , [failure])	gm.nav.watchDestination (success , [failure])	Yes	
	getDestination (success , [failure])	getDestination (success , [failure])	Yes	
	setDestination ([success], [failure], destination)	setDestination ([success], [failure], destination)	Yes	
	gm.nav.clearDestination ()	gm.nav.clearDestination ()	Yes	
		getManeuverList (success , [failure], firstManeuver, number)	Yes	
	getWaypoint (success , [failure], number)	Future Release		
phone	dialPhoneNumber ([success], [failure], options)	dialPhoneNumber ([success], [failure], options)	Yes	
	sendTextMessage ([success], [failure], options)	sendTextMessage ([success], [failure], options)	Yes	
system	gm.system.init ()	gm.system.init ()	Yes	
	watchFocus (success , [failure])	watchFocus (success , [failure])	Yes	
	clearFocus (watchID)	clearFocus (watchID)	Yes	
	watchSpeed (success , [failure])	watchSpeed (success , [failure])	Yes	
	getSpeed ()	getSpeed ()	Yes	
	clearSpeed(watchID)	clearSpeed(watchID)	Yes	
	gm.system.restartApp ()	gm.system.restartApp ()	Yes	
	gm.system.updateThenRestartApp ()	gm.system.updateThenRestartApp ()	Yes	
	gm.system.dataIsValid (data)	gm.system.dataIsValid (data)	Yes	
	requestFocus (success , [failure])	requestFocus (success , [failure])	Yes	
	closeApp ([failure])	closeApp ([failure])	Yes	
	setShutdown (success , [failure])	setShutdown (success , [failure])	Yes	
		getDTCTableEntry ([filters])	Yes	Entries will be saved in memory for a single session. i.e. data will be lost after closing the emulator
	watchDTCTableEntry (success, [failure], [filters])	Yes		
	clearDTCTableWatch (watchID)	Yes		
	releaseFocus ([success], [failure])	Yes		
	changeFriendlyName (name, [failure])	Yes		
	changeIcon (file, [failure])	Yes		
ui	setFavorite (success , [failure], options)	setFavorite (success , [failure], options)	Yes	
	showAlert ([success], [failure], options)	showAlert ([success], [failure], options)	Yes	
	setInteractionSelector (options , [failure])	setInteractionSelector (options , [failure])	Future Release	
util	gm.util.logEvent (eventType, content, [success], [failure])	gm.util.logEvent (eventType, content, [success], [failure])	Yes	
voice	startSpeechRecSession (success , [failure])	startSpeechRecSession (success , [failure])	Yes	
	stopSpeechRecSession (sessionHandle)	stopSpeechRecSession (sessionHandle)	Yes	
	startTTS (success , [failure], text)	startTTS (success , [failure], text)	Yes	
	stopTTS (ttsHandle)	stopTTS (ttsHandle)	Yes	
	startRecording (success , [failure], options)	startRecording (success , [failure], options)	Yes	
	gm.voice.stopRecording (recordingHandle)	stopRecording (success , [failure], recordingHandle)	Yes
