# 2016 CHEVROLET PERFORMANCE COPO CAMARO COURTNEY FORCE CONCEPT

The COPO Camaro legacy continues with an all-new sixth-generation version. This modern-looking machine infuses legendary COPO performance with the new, modern design of the 2016 Camaro. The SEMA version holds a personalized look, created by NHRA Funny Car driver Courtney Force and will be auctioned off at Barrett Jackson with the proceeds going to the United Way. The COPO program (part number: 20169560) returns for the 2016MY. Register for a chance to be one of only 69 to purchase a 2016 COPO by visiting [chevrolet.com/performance/copo-camaro](http://chevrolet.com/performance/copo-camaro).

## EXTERIOR

- Red Hot exterior with Switchblade Silver and Satin Black graphics
- Courtney Force graphics
- Red lower grille trim
- High-rise carbon-fiber hood
- Outside rearview mirror delete with painted closeout
- Wheelie bars and drag parachute
- Unique rear spoiler
- Custom smoke-finished Weld drag wheels<sup>1</sup>
- Goodyear® Eagle drag tires<sup>1</sup>

## INTERIOR

- NHRA-certified full chrome-moly roll cage
- Lightweight bucket racing seats with custom embroidery
- Floor-mounted shifter
- Specific instrument panel-mounted analog racing gauges
- Center stack-mounted racing switch panel
- Five-point safety harnesses (driver and front-passenger)

Concept vehicle, certain accessories and features as shown unavailable for sale.

## PERFORMANCE

- LSX-based 350 cu. in. supercharged engine
- Available engines: LS-based 427 cu. in. naturally aspirated; LT1-based 6.2L naturally aspirated
- THM 400 3-speed automatic
- Front suspension: lightweight adjustable front struts
- Rear suspension: multilink
  - Adjustable coil-over shocks, panhard bar and anti-roll bar
  - Rear axle with an aluminum center section, 35 spline spool and axles
- Brakes: manual lightweight rotors and calipers
- Integrated line lock
- Manual rack-and-pinion steering
- Fuel storage system with fuel cell and built-in high-pressure fuel pump
- Dedicated racing wire harness

<sup>1</sup> Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to [chevrolet.com/accessories](http://chevrolet.com/accessories) or see your dealer.

# 2016 CHEVROLET CORVETTE Z06 C7.R LIMITED EDITION

The Corvette Z06 was co-developed with the C7.R racecar to push the envelope of performance beyond expectation. Both share unprecedented levels of engineering and components, including chassis architecture, engine technologies and aerodynamics strategies. The Z06 C7.R Limited Edition (available on Coupe or Convertible 3LZ models) celebrates this track and street relationship – it's the closest thing customers can get to the Corvette Le Mans racecar. Includes a unique VIN sequence (650 models will be produced with only 500 available for the U.S. market).

## EXTERIOR

- Available in Corvette Racing Yellow or Black exterior color
- Black Z06 wheels<sup>1</sup> with Yellow stripe
- Yellow brake calipers
- Corvette Racing wheel center caps
- Visible Carbon-Fiber Package
- Visible Carbon-Fiber Hood
- Spectra Gray grille and vents
- C7.R Graphics Package (hood stripe includes Jake Corvette Racing logo)
- Unique indoor car cover with C7.R Racing graphics
- Convertible models include top with C7.R Racing graphics

## INTERIOR

- Jet Black leather-trimmed and suede-wrapped interior
- Competition Sport Seats
- Suede-wrapped steering wheel and shifter
- Yellow contrast stitching
- Carbon-Fiber Interior Package
- C7.R Limited Edition interior plaque (includes racing victories)
- Corvette Racing sill plates

## PERFORMANCE

- Z07 Performance Package<sup>1</sup> with carbon-ceramic brakes

<sup>1</sup> These wheels are paired with summer-only tires. Driving on wet roads, in heavy rain, or through standing water with competition oriented tires may cause hydroplaning and loss of control. Use extreme caution and drive slowly on wet roads. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to [chevrolet.com/accessories](http://chevrolet.com/accessories) or see your dealer.

# 2016 CHEVROLET CORVETTE STINGRAY TRACK DAY CONCEPT

It's the sports car that's captivated enthusiasts and casual drivers alike with its precision performance and incredible technology. And now, thanks to a new lineup of available Corvette Z06 parts from Chevrolet Performance, you can upgrade your Stingray with world-class supercar DNA. It's the perfect track day car to bring to school – just ask charter member of Corvette Racing and multi-time driving champion Ron Fellows, who has helped create this concept for the Michelin® Corvette Challenge racing series at Spring Mountain.

## EXTERIOR

- Gloss Black exterior
- Racing series wheels and tires
  - Forgeline wheels<sup>1</sup>: 19 x 8.5-inch front, 19 x 11-inch rear
  - Michelin® racing slicks<sup>1</sup>: 24/65-19 front, 28/69-19 rear
- Red accents on hood, hood insert, mirrors and spoiler
- Carbon-fiber roof
- Exposed carbon-fiber rockers
- Hood air extractor
- Tinted HID Xenon headlamps
- Edge-lit LED turn signals

# CHEVROLET PERFORMANCE 1970 CAMARO CONCEPT

For six historic generations, Camaro has set the benchmark for design and performance. This second-generation Camaro has been completely restored by Chevrolet Performance and includes an LT4 Crate Engine with a T56 Super Magnum 6-speed manual transmission. It adds a touch of modern flair with six-gen production Hyper Blue Metallic exterior paint, a new front grille (to pay homage to its all-new sixth-gen counterpart) and a refinished interior.

## EXTERIOR

- Hyper Blue Metallic exterior with Summit White stripes
- LED headlamps and taillamps
- Custom front grille painted Black
- 19-inch polished wheels<sup>1</sup>

## INTERIOR

- Jet Black leather-trimmed interior
- Third-generation Camaro seats
- Custom gauges
- Leather-wrapped steering wheel
- Modified production center console
- Custom-trimmed door panels
- 6-point roll cage

## PERFORMANCE

- Corvette Z06 front suspension with coil-over conversion
- Four-link rear suspension with coil-over conversion
- Custom 3-inch exhaust
- Chevrolet Performance Brake Calipers painted Black\*

# CORVETTE Z06 ENGINE BUILD

Buyers of the all-new 2016 Corvette Z06 now have a once-in-a-lifetime opportunity to hand-build the engine for their own car. Customers will assemble their LT4 engine at the GM Performance Build Center in Bowling Green, Kentucky, with the guidance of a professional engine builder.

## PROGRAM DETAILS

- Build Your Own Engine Program (RPO PBC) cost is \$5,000.00 – customer is responsible for travel, hotel and transportation costs
- Dealer submits RPO PBC as part of a 2016 Corvette Z06 order
- Customer will be contacted by a concierge from the National Corvette Museum to facilitate scheduling and logistics
- The one-day program also includes breakfast, lunch and a photographer to capture the experience, among other amenities
- A personalized plaque with customer's name is added to the engine
- Once complete, the engine is sequenced to be installed in the customer's vehicle at a future date (the customer will not be able to see the engine installed)
- Customers can see the engine installed in their Corvette Z06 if arranged with the Corvette Museum Buyers Tour
- For questions regarding the program, please contact the National Corvette Museum at (800) 205-4248
